Aside While the Lodge Teams
Battle on the Diamond.

At a well attended meeting of Can-
by Lodge, No. 51, Knights of Pythias,
held in its hall on East Church street
Tuesday evening, arrangements were
made for a star social to be held
Wednesday evening, September 18.
This social will mark the beginning
of the fall and winter activities and
it is expected that degree work will
start immediately afterward. A com-
mittee composed of William Bailen-
tine, S. T. Court, and J. J. Rudolph
was appointed to plan for the social.
At this meeting Charles H. Con-
ley, district deputy, announced that
the annual district K. of P. meeting
will be held in the hall of Marion
Lodge No. 402, the afternoon and
evening of October 22. This meeting
will be the largest ever held in the
district, if present plans carry. A
special program of entertainment is
being planned and it is expected that
fully 500 visiting Knights will be in
attendance.
The district is composed of 39
lodges in Marion, Morrow, Union and
Delaware counties.

The baseball game between teams
from Canby Lodge, No. 51, and
Marion Lodge, No. 402, Knights of
Pythias, will take place at Webb
park some day next week. At a
meeting of Marion lodge to be held
Friday evening, arrangements for
the game will be completed. Early
this season, Canby lodge was badly
defeated and the baseball tossers of
the lodge will seek to retrieve them-
selves.

Only business of a routine nature
was considered at a well attended
meeting of the C. L. of O. held in
the halls last night.

The Red Men met with a large
attendance last night and transacted
routine business, after which a social
hour was enjoyed.

Mrs. M. C. Chipps and Mrs. J. H.
Smeltzer left this morning for Tif-

state convention of the Daughters of
America, which is in session there
this week.

The Companions of Foresters will
hold a special meeting Thursday
evening in their hall on North Main
street.

The American Insurance Union
will hold an important meeting to-
morrow evening in the lodge halls.
A large attendance is desired.

Business of a routine nature was
transacted at the meeting of the Ma-
rion lodge Knights of Columbus,
Tuesday evening. The meeting was
well attended.

The Home Guards will meet in the
lodge hall, Wednesday evening, and
make arrangements for a banquet to
be given September 18. The occasion
is the anniversary of the formation
of the lodge and the members are
arranging a big celebration.

NEW OUTING CLUB READY FOR BUSINESS

First Outing will Begin Oct-
ober 14th.

Members Hold Meeting and Fix
Dues and Fees—Club House is
Now Complete.

The Pine Lake Outing Club met
in the office of E. E. Bush last
evening to complete arrangements
for the first outing which will be-
gin Monday, Oct. 14.

The club house is completed and
ready for occupancy except a few
minor details such as cement steps
etc. It has a sitting room, dining
room and kitchen on the ground
floor and the second story has six
sleeping rooms. The lower story
is shingled and extends out over the
porch, which is eight feet wide and
extends across the entire front.
All of the floors are hard maple
and the large fire places and chim-
ney are made of brick. The con-
struction is unique and the club
house is said to be the best one
in the Oseodo territory. There are
two fine springs within a few

yards and the sand beach is from
twenty to thirty feet wide.

The duck marsh, about fifty rods
to the north west, is about one
mile long and one quarter of a mile
wide, on one side of which are
bluffs and ravines and on the other
is the swift flowing Pine river,
which abounds with brook trout.

The old Tenderleg club donated
all of their equipment consisting
of a boat, stove, cooking utensils
and table ware to the new club.

The annual dues were placed at
\$3.00 and the membership fees at
\$50.00 for which certificates of
stock will be issued. These will
pay all expenditures already incur-
red. The membership fees from
any new members will be used for
additional improvements and equip-
ment.

The purchase of a naphtha launch
was deferred until next year as
the new steel boat and the old
Tenderleg boat will probably an-
swer for this season.

The location is seven miles north
west from Oseodo and can be reach-
ed by wagon road, by Indian trails
or by row boats by way of Ausable
river, Pine river and Vanetten
Lake.

DESERTED HIS WIFE AND BABIES

Wife is Ill and Family is
Destitute.

Matter is Called to the Attention of
Humane Officer J. W.
Ullsh.

A pitiful case of desertion was dis-
closed last evening when Humane
Officer J. W. Ullsh learned that
George W. Sowers, a laborer of
Waterloo street, skipped the city,
leaving his wife confined on the sick
bed with a six weeks old baby to
care for.

Sowers informed his wife last Sat-
urday morning that he was going to
leave for parts unknown and later
it was learned that he had carried
out the threat.

Besides the babe, the mother has three other children
ranging in age from 5 to 11 years.
The family is in very destitute cir-
cumstances having neither food or
clothing, and the mother's condition
renders it almost impossible for her
to earn a livelihood for her children.

Mrs. Sowers informed the hu-
mane society that she has relatives
living in Mexico, Wyandott county,
Ohio, and that as soon as her con-
dition will permit she wants to move
to that place. She says that she
has no idea where her husband went
and entertains no hopes whatever of
his returning.

Mr. Ullsh has called the attention
of the township trustee to the
case and the family will be pro-
vided for while an attempt is being
made to locate the husband.

Railroad Notes

An order has just been given by
the officials of the Erie road,
which somewhat lessens the impor-
tance of Marion as a center in rail-
road circles. Passenger trains No.
9, 10, 11 and 16 are to have their
engines turned at Gallon instead of
Marion, where they have turned since
February.

The matter was brought to the no-
tice of the officials by the serious in-
convenience encountered by the en-
gineers, who live in Gallon having to
come to this city to turn their en-
gines. The order will go into ef-
fect as soon as new engineers have
been employed for the running of
trains between Kent, Dayton and
Gallon.

The change was made by General
Manager Stuart in response to the
requests of a committee of Erie en-
gineers.

In response to the numerous com-
plaints of Erie engineers in regard to
the condition of the road in various
parts of the state, it is reported that
the officials of the road are seek-
ing more men to serve in the repair
gangs. Several hundred are to be
employed in this division alone. It
is rumored that the wages will be in-
creased soon.

E. S. Stuart, chief clerk to Supt.
Allen of the Erie, is enjoying a va-
cation this week.

SALOONISTS ARE ARRESTED

Charged with Selling Liquor
on Sunday.

FINE IS IMPOSED

Affidavits Filed by Officer
Chapman.

Lock Picker is Corralled by the
Mayor and Chief of Police—The
Patrol Horse the Offender.

Officer Roy Chapman filed affa-
davits in Mayor's court Tuesday
evening against Nelson Able of the
firm of Coonrod and Able, Charles
Miller of the Hotel Nordica and
Edward Anthony of Anthony and
Neidig, charging the proprietors
with keeping open and selling in-
toxicants on Sunday, September 1.

Chapman secured the evidence,
swore out the affidavits and served
the warrants of arrest upon the
respective saloonists. At the Able
& Coonrod saloon, the officers claims
to have seen several men make the
exit through the door leading to the
bar. Able's warrant of arrest was
served early this morning. The
proprietor appeared in mayor's
court at 8 o'clock and pleaded guilty
to the charge upon which the
mayor imposed a fine of \$25 which
he paid.

At the Hotel Nordica Chapman
claims to have found a number of
men sitting in a room adjoining
the bar, feigning up the booze. At
the Neidig saloon he alleges he
found the proprietor doing a thriv-
ing business.

Miller and Anthony have been
notified of their arrest and are
scheduled to appear for a hearing
at a late hour this afternoon. It
is thought that they will plead
guilty to the charges, filed.

"Jack" the famous Black Beauty
horse which draws the police patrol
wagon was placed under arrest
about 11 o'clock yesterday fore-
noon charged with violence and re-
sisting an officer.

"Jack" who possesses almost
human intelligence has a very clever
habit of unlocking the door of his
stall and thereby gaining his free-
dom. The police have placed all
kinds of safety catches on the door
but "Jack" always contrives some
way of opening them. However the
police have been rather proud of
the animal's trick and not until yester-
day did they entertain any ill
will against the beast for his elev-
eness.

It was during the cloud bursting
rain which swept the city yesterday
that "Jack" put his capers and
when Mayor Scherff and chief of
police Cornwell at last corralled the
animal, they were thoroughly
drenched and well disgusted by the
beast's provoking capers and Jupiter
Pluvius' excellent effort. For near-
ly a half hour "Jack" kept his
pursuers chasing backwards and
forwards in front of the city hall
while he seemed to be thoroughly
enjoying his shower bath.

Mayor Scherff and Chief Corn-
well vow that "Jack's" stall will
be fastened hereafter with a Yale
lock.

Joseph Scribner, a plain drunk,
was arrested at 3 o'clock in the
West End yesterday afternoon by
Officer Slagle. Scribner sobored up
by 6 o'clock when he was given a
hearing in mayor's court. He
pleaded guilty to a charge of
drunkenness and the mayor imposed
a fine of \$5, which Scribner paid.

A FALSE ALARM

Curious Lad Cause the Fire Depart-
ment Trouble.

The innocent curiosity of a four-
year old boy in the West End caused
the fire department a great deal of
trouble this morning about 9:50
o'clock. Crawling upon a pile of
paying bricks the lad opened box
No. 36, located at the corner of Co-
lumbia street and the Boulevard and
turned in the alarm. The child was
innocent of what he had done and
when the fire departments arrived
he was still playing with the "red
box."

How the baby managed to open
the outer door of the box is a mys-
tery, as the glass, covering the key,
was unbroken.
